AGE Smart™ Treatment (1 hour) **£47.00**

Clearing Treatment (1 hour 15 mins) **£47.00**

The Clearing system works to treat, clear and prevent adult acne, while addressing the needs of adult skin. Most products and treatments for acne are designed for teenage skin, making them too harsh and irritating for adult acne sufferers. Clearing controls acne without compromising skin integrity, which means skin is clearer and healthier.

UltraCalming™ Treatment (1 hour) **£47.00**

Itching, burning, stinging, and redness are the obvious signs of sensitive skin. The triggers behind these sensations are less clear; genetics, hormones, stress, chemical assaults, foods and even aggressive skin treatments can intensify skins highly reactive state. When skin demands serious relief, trust new UltraCalming™ from the skin experts at Dermalogica.

Diamonds on Demand Microdermabrasion

Microdermabrasion is a relaxing electrical facial which leaves the skin feeling fresh and renewed. A wand tipped with hundreds of tiny diamonds gently removes layers of dead skin cells from the face. Our professionally trained therapist will tailor a treatment plan based on your skin needs, by working with different grains of diamond heads. This treatment is perfect for all skin types especially working on fine lines and wrinkles, pigmentation, acne scars, congested skin, sun damage and uneven skin tone, enlarged pores and dull skin. It would also aid stretch mark reduction when used on the body.
